Bangkok, 21 November 2025

Dear Prof. Dr. Thanin Silpcharu,

As you may know, the Embassy of France in Thailand is keen on developing and supporting Thai-French academic collaboration and research partnerships. We offer several tools to strengthen links between our two countries, particularly through our scholarship and research fellowship programs.

I am pleased to inform you that the call for candidates of the scholarship Program 2026 has been launched.

The scholarship Program aims to support Thai students under the age of 35 who intend to study in universities or higher education institutions in France for their Master's degree or PhD in any areas of study. This program is based on a highly selective call for candidates in order to strengthen high level exchanges between France and Thailand. The period of application is between November 2025 to 19 February 2026. Each year there are about 20-25 selected candidates. The Embassy could fully support for some scholarships but is always welcoming the co-funding from Thai universities as a way to ease the financial burden of the program and to raise the number of candidates we would like to send to France. All fields of research will be considered and the selection will be made based on the criteria of excellence.

In this regard, I would be sincerely grateful if you could disseminate widely the information about our Scholarship Program 2026 across all faculties of your university. Kindly find here enclosed some copies of poster promoting and encouraging Thai students to join this program as well as this year's call for candidates. For more information, please visit <http://www.francothai-science.com>

Your kind attention to this matter would be greatly appreciated.

Yours sincerely,

Dr. Ludovic Andres

Attaché for Scientific and Higher Education Cooperation
